# OVENKLEEN 37

## PRETREATMENT TECHNICAL DATA SHEET

### CONCENTRATED ALKALINE OVEN CLEANER

#### PRODUCT DESCRIPTION

**OVENKLEEN 37** is a concentrated alkaline oven cleaner and degreaser extremely useful for dissolving carbon and baked on paint residue.

#### TECHNICAL PROPERTIES

Composition:	Liquid
Appearance:	Clear Yellow
Recommended Concentrations:	See Use & Control Instructions
Recommended Temperatures:	See Use & Control Instructions

#### PRODUCT ADVANTAGES

- Specially formulated to be non-aggressive on aluminum alloys thus making it suitable for use in all oven cleaning applications
- Cleaner of choice in the maintenance of automotive bake ovens because of its unique combination of alkali builders, specialty surfactants and non-hazardous solvents.

FEB12/REV5

## PRETREATMENT TECHNICAL DATA SHEET

### USE & CONTROL INSTRUCTIONS:

**OVENKLEEN 37** can be used at various concentrations depending on the application requirement.

For Automotive bake ovens' use at 50% by volume depending on the amount of residue. Areas of heavy accumulation may require higher concentrations and or reapplication. Apply a suitable concentration by mopping or spraying.

### RECOMMENDED SPRAY EQUIPMENT:

Foam on using high pressure dispenser or garden sprayer type apparatus. Allow to remain on the surface for 2 to 5 minutes.

### REMOVAL:

Rinse with water. For best results use high pressure water rinse. Run oven for approximately 2 to 4 hours completing the rinsing process.

---

### TECHNICAL DATA SHEET DISCLAIMER—INDUSTRIAL COATINGS:

\* Statements and methods described herein are based upon the best information and practices known to PPG Industries, Inc. ("PPG"). Any statements or methods mentioned herein are general suggestions only and are not to be construed as representations or warranties as to safety, performance, or results. Since the suitability and performance of the product is highly dependent on the product user's processes, operations, and numerous other user-determined conditions, the user is solely responsible for, and assumes all responsibility, risk and liability arising from, the determination of whether the product is suitable for the user's purposes, including without limitation substrate, application process, pasteurization and/or processing, and end use. No testing, suggestions or data offered by PPG to the user shall relieve the user of this responsibility. PPG does not warrant freedom from patent infringement in the use of any formula or process set forth herein.
