

Waterborne Acrylic Enamel Topcoat

Ease of application with excellent sag resistance

AQUACRON® 100 Series enamels are designed specifically for shed manufacturers to deliver robust application characteristics and excellent sag resistance. Ideal for single-coat coverage on vertical surfaces, *Aquacron* 100 enamels are available in a palette of eight pre-mixed solid colors and over 1,800 custom colors. The enamel's high-build formulation creates a uniform film and appearance while also providing excellent coverage on dark colors. Substrates for these enamels include LP® SMARTSIDE®, DURATEMP® and other engineered, pre-primed boards, as well as T-111 wood siding.

The PPG Benefit

- Excellent sag resistance
- Provides a uniform film and appearance
- Available in eight pre-mixed colors or any of over 1,800 PPG THE VOICE OF COLOR® custom hues
- Single-coat coverage for most colors
- Good resistance to UV rays and weathering
- Provides a mildew-resistant coating on the film
- Strong adhesion
- Good hiding power and stain resistance

Segments
