

Two-Component Polyurethane Topcoats

Custom topcoats for heavily handled equipment

Utilizing industry-proven polyurethane technology to provide excellent chemical and abrasion resistance, SPECTRACRON® 310 Series topcoats are made to protect highly used equipment and parts. *Spectracron* 310 Series topcoats can be customized to fit your color and gloss requirements and can be applied in a smooth or textured finish to give you the look you want and the performance you need.

Product Benefits

- Fast drying
- Excellent chemical resistance
- Excellent mar resistance
- Excellent flexibility and hardness
- Can be sprayed to create smooth or textured finishes
- Contains no heavy metals
- Available in a wide range of custom colors

Segments

- Custom Coaters
- Electrical Cabinets
- Fasteners
- Furniture and Racking
- HVAC Equipment
- Industrial Equipment
- Interior Doors and Frames
- Medical Devices

Paired with more than 1,000 professional service centers across North America and an industry-leading technical team, the PPG TRUEFINISH® team provides a vast lineup and knowledge of high-quality industrial coatings backed by local store stocking and delivery. This system ensures you get the products and knowledge you need when you need them.

Product Characteristics

Colors	Custom colors
Gloss @ 60° (ASTM D523)	10 - 60
VOC	4.8 lbs./gal. (576 g/L)
Applications	Cold-rolled steel, hot-rolled steel, aluminum, galvanized steel, some plastics and fiberglass

Performance Properties

Pencil Hardness (ASTM D3363)	H - 2H
Conical Mandrel (ASTM D522)	Pass, 1/8"
Adhesion (ASTM D3359)	5B - Excellent
Impact Resistance (ASTM D2794)	Direct: 100 in. lbs. Reverse: 80 in. lbs.
Humidity Resistance (ASTM D2247)	200 hours
Salt Spray Resistance (ASTM B117)	200 hours
Chemical Resistance	Excellent
Recommended Primers	Spectracron 501, 531/532, 560, 701, W43181A
